

Brooklyn

Brooklyn is currently being coached by an experienced performance coach having previously been training at Dukes Meadows in a full squad program with individual lessons. The Trust supports his progress with covering expenses incurred attending national and international tournaments.

"The All Star Tennis Trust is helping me with my tennis and it means a lot to me that I was able to get help. I love tennis and the Trust has given me an opportunity to participate in international tournaments and play in King Georges Park! Many thanks to the trustees Ben Jackson, Sean Molony and Ben White for their support."
