

Choosing the Right String

Not sure what to go for? We'll help you find the perfect string based on your game.

General guide:

- ✓ **Beginners** – **Synthetic Gut** for comfort and durability
- ✓ **Intermediate** – **Multifilament** for power & feel, or **Polyester** for spin & control
- ✓ **Advanced** – **Polyester** for precision,

or **Hybrid setups** - Great for a range of players looking to blend comfort, power, and control!

Key Advice:

- **Higher tension** = More control
 - **Lower tension** = More power
 - **Polyester users:** Restring more often to maintain performance and injury prevention
-
